Dear lovd ones at home
got your most kind and
loveing letter last night
and was glad to heair
from you and to hear

Have been working hard
today putting up
rafters on a two story

Many thanks for those
beautiful valitines

send you
Yea I like it here
pretty well but
would like it better
if you all were here
too

2) You can't emadgen how lonesome it is here for me when it comes night; no little girls for me to schold but I guess you are glad that I'm away so you don't hear me schold

I don't see any little folks here, ~~just~~ all men folks only when some woman come here to look for property

The old gentleman that I rooming with is building a ~~garage~~ is going to build a house to but his wife is in New York now and wont be

3) here till fall
so he thinks he will
rent his house when he
gets it built as he is
going east in May
or June to bring his
wife back here
Just as soon as he gets
his auto house built
we are going to move
as it is a city lot
and it wont be only
about 2 or 3 blocks
from Seebie Center
I only haff to go
about two blocks to
work now so you
see it is not so bad
I wish I could see
you all this very
minet

4) It has been a very
nice day today in
fact it has not rained
so but what we have
worked all week so far
I worked Sunday all
day it was a nice day
I had the blues Sunday
morning so I thought
I would feel better if
I worked.
Dont forget to write
and get that money
from Keller
my if I could only
see you all I could
tell you more in
a houre than I could
write in a week
If it is a nice day

5] Sunday I think I
will try and go out
and see our place if
I dont half to work
Well girls will you
forgive me if I dont
write to you septerley
I guess you all can
read this, part of it
anyway well it is
getting cold and late
so will ring off
and try and do better
next time
with lots of
love to all and
lots and lots of kisses
too from Dady
